Along the street or off the street,
Once you find these litte creatures
So dalicately formed and elaborately designed,
You'll be trapped in the maze inside them,
Like walking in another dimension

1.The book is sold in the package like this.

2. which includes the book, a transparent plastic case, and a whiteboard marker.

3. While following the story,

4. you will find "a-mazing" little creature,

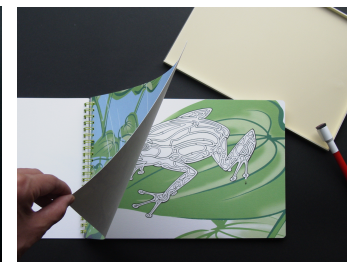

5. then, slide the book back into the case.

6. You can draw the line on the transparent surface, to find the way through the maze.

7. also you can erase it, so that you can try again...

8. and again, on the other pages, too.
